

*Advancing Opportunities
in Education*

One of the overarching goals of the Iowa West Foundation is to increase educational attainment opportunities for Pottawattamie County citizens. With School Administration Managers (SAMs), funded with a grant from Iowa West, student scoring on state assessment tests has improved.

\$5 Million in Grants Awarded for Fourth Quarter

Two Initiatives Address Community Needs in Pottawattamie County

"In part, the mission of the Iowa West Foundation is to be a catalyst in meeting community needs," said Todd Graham, Iowa West President and CEO, "and these two initiatives exemplify that role."

A grant of \$1.36 million was awarded to the Council Bluffs Community School District to continue an initiative for another three years with the Iowa West Foundation.

The initiative created School Administration Managers (SAMs) in seven schools to free up significant time for principals to work on instructional improvements which have resulted in a positive impact on student achievement. SAMs supported by the Iowa West Foundation grant are located at: Thomas Jefferson High School, Abraham Lincoln High School, Kim Middle School, Wilson Middle School, Bloomer Elementary School, Carter Lake Elementary School and Edison Elementary School.

"Evaluations of the SAMs project show that the principals' time on improving instruction at those schools increased significantly," explained Dr. Martha Bruckner,

Superintendent of Council Bluffs Community Schools, "and at the same time, student scoring on state assessment tests improved."

The Pottawattamie County Community Foundation (PCCF) received a \$1.27 million grant for operations and leveraging future donor commitments, which will help meet emerging needs in local communities. It's the third installment of funding from the Iowa West Foundation's six-year pledge.

PCCF Executive Director Dawn Hovey stated that, "the combination of Iowa West funding and philanthropic donations is making a positive impact on communities and neighborhoods." Hovey reported that PCCF has been certified for meeting national standards, making donors eligible for tax credits by establishing funds with PCCF. As a result, in recent weeks donors have started half a dozen new charitable funds.

In total, 37 non-profit organizations and governmental entities were awarded grants in the fourth quarter of 2010. The following fire departments also received Iowa West Foundation funding for equipment

through the Pottawattamie County Firefighters Association: Carson Volunteer Fire Department, Carter Lake Volunteer Fire Department, Lewis Township Fire Department, McClelland Fire Department and the Treynor Fire District.

The Iowa West Foundation, which is headquartered in Council Bluffs, is one of the largest community-based private foundations in the Midwest. The Foundation receives its funding for grants from investment income and also from the Iowa West Racing Association (IWRA), which receives contracted fees from casino operators – Ameristar and Harrah's. IWRA distributes funds to the Foundation, which is an independent 501(c)(3) organization that makes grants in southwest Iowa and eastern Nebraska. For more information about the Iowa West Foundation, visit its website at www.iowawestfoundation.org or call 712-309-3000.
